### **'My Success'**

Good morning, principal, teachers and students,

Thank you for inviting me to give a speech to students. The topic of today is "My Success".

I am happy that I can share my life experience with people and I am going to talk about why I am successful.

First, my name is Laurie. I graduated in the year 2016 from Jockey Club Government Secondary School. I am now a quite famous fashion designer in Hong Kong and France. I think there are a lot of people interested in becoming a fashion designer, right? So what did I do when I was as young as you guys are now?

I wished to become a fashion designer when I was in Form 2, ever since I had signed up for a course in fashion design when I was in Form 2. I found that fashion design was interesting, so I wanted to become a fashion designer.

It's quite exhausting becoming a fashion designer. I started to design clothes in Form 2 and learnt to make clothes when I was in Form 4. My dad taught me to make clothes and taught me the knowledge of fashion. Up until now, I want to say this very important point; if you want to achieve your dream, you need to be hardworking. Even if you are a genius, you still need to be hardworking. Every day I made a few clothes after school, although sometimes there were failures and it took lots of time it did not matter, because failure is the mother of success. I kept trying every day, I told myself I would not give up. Then, unconsciously, I fulfilled my dream when I was in Form 6. A professor saw my clothes and liked them a lot. After that, he invited me to university and taught me patiently. That is how I got to be here.

Also, I want you guys to remember, be serious in everything and do your best. It can help you to be a success. You can be good! You can be great!
