Sp2 is located in West Kowloon. It has 9 floors and it has a total of 4 zones called Happy Family, Shiny Brands, Cool Teens and Cute Kids respectively. There is a big food court where you can find more than 15 restaurants.

Highlights

In the Happy Family Zone, you can find JUSCO, a Japanese department store, a bakery and a cinema. You can enjoy staying with your family there.

In the Shiny Brands Zone, ladies will be fascinated because there are more than 20 shops selling well-known brands. It is better than any other shopping centres in Hong Kong. I think gentlemen will love this area too because there are some shops selling luxurious watches and glamorous suits.

We are confident that the Cool Teens Zone will be the most popular area ever! You can buy goods of teen idols, fashionable clothes and cute accessories there. You can find compartment shops there too. If you are a teenager, do visit this zone with your friends!

The Cute Kids Zone is for parents and babies. You can buy baby toys and necessities like diapers and prams. Our salespeople are professional and they can give you advice on how to choose the best products for your kids!
